Global developments and trends in customs and foreign trade

Join us

Learn from our international customs and export control experts which current topics are relevant for you and your company and how you can best meet the challenges of your operational practice. During the webinar, we will discuss in particular.

Customs

- Customs clearance with the UK: Post-BREXIT - Practical challenges (especially for non-UK companies)
- Customs Compliance Management Systems: Content, structure and digital implementation
- WTS Customs Study 2024
- Customs organization of the future in the company: Hierarchy, standing, self-marketing, benchmarking, trends
- EU customs reform

Export controls

- Trends: Updates on governmental customs & export control regulations in China
- China's new Customs Tariff Law and its implications
- Application on extraterritorial jurisdiction regarding export control law, if such regulations exist
- Further strategies from the perspective of EU companies navigating a complex political environment
